Mark, since you went out to the incident at the very first, we were still in emergency status, so all travel time after regular hours was considered to be overtime. However, we obviously are no longer in emergency status, so your trip home will be TCTO if it is after regular work hours.

Hope this explains the question.

It is my understanding that Saturday, August 8th is considered to be all Overtime and not TCTO.
Cindy/Kathleen: is this correct?

So I do not have an option to earn Comp Time? It's OK, I just need to figure out what to do. So should that first Saturday (2nd Sat of last PPD), I would charge 5 hours OT and the rest TCTO or is it all TCTO even though I was actually working GKM?

Mark,

Your TRC code should not be Comp time earned, it should be Overtime.

Also, I am going for CompTime. Do I try to charge CompTime to the acct code or not?

Mark,

You are getting the error because you are charging your TCTOE to the Overtime code which is not allowed. Thanks.

The SSID should be Gold King Mine, not Mind. Thanks!

Good Morning,

Attached please find the **revised instruction/guidance** on how to ensure proper charging and tracking of payroll, contracts, and travel resources associated with the response to the Gold King Mine Release. While this may only currently affect some of you, I felt it would be prudent to share with all of you as some of your regional staff may be traveling to assist. There will only be one SSID for charging to this site. The SSID will be:

A8K9RV00 Gold King Mine Release – Removal Action – OU 00

The previous SSID for Region 6 will be deleted from everyone's favorites in PPL today and this new SSID will be established for employees to use immediately.

Please share with others as appropriate. If you have any questions regarding this guidance, please call Missy Mibeck at 5-6540 or Cindy Brown at 5-9705 (REOC).
